

Vocational Assessment Services

With over 10 years experience in employment related psychological services Inner Resources is able to deliver assessments and reports that are:

- High quality
- Comprehensive
- Realistic given extent of injury
- Supported in the current labour market
- Completed quickly

With skills in providing professional services across a variety of markets such as state based/national Workers Compensation, Defence/DVA, Income Protection and government funded employment services you can be confident that the job will be done right.

Reports can be completed on your letterhead or templates to your specifications.

Call Inner Resources on 0417 201 523 to discuss your requirements or for samples of previously completed work
